

Notes for Membership Application.

Ripon Motor Boat Club is a very active boat club, whose aim is to promote active boating and socialising through boat related activities.

Ripon Motor Boat Club is a self help club where the majority of tasks are carried out by it's members. It's expected that members are keen to get involved in helping the club in any way they can. Every Year members are expected to complete at least one working party and in addition, to complete a duty, which can be: Bar, Galley, or Grass/Hedge cutting.

We are an RYA Training Centre and encourage our members to get involved in courses to enhance their boating skills, knowledge and activities. We hold regular rallies on the river and numerous social events throughout the year. We have a bar which is open at weekends and a galley open at weekends for most of the year. We have a powered slipway and a crane facility with hard standing. There are work points available for members use and a workshop facility. We also have members only moorings at Langthorpe near Boroughbridge.

To apply for membership please download the membership application form from the website and return to our Harbourmaster Bob Medhurst. Applicants will then be invited to a presentation and interview.
